

Plymstock School Celebrates 10 Years of Dance Festivals

Plymstock School recently held its 10th Annual Primary and Secondary Dance Festival. Over 300 children aged between 5 and 18 came together to perform and celebrate curriculum work.

Oreston, Dunstone, Goosewell, Elburton and Pomphlett Primary Schools enjoyed performing in front of a larger audience and were an excellent audience for each other. Dances were created around curriculum themes of India, Paris, Fireworks and many different genres were used including Contemporary, Street, Modern and Cheer Dance. Credit must go to many young leaders from Plymstock who choreographed some of the pieces themselves and taught the younger children.

Students from Plymstock wowed the younger children with elite performances of A level and GCSE examination work.

It was a fantastic celebration of teamwork and thanks must go to all staff and helpers who battled against torrential rain to get the children to the venue.
