

Indoor athletics

On Tuesday 13 November, Plymstock school hosted and helped to run the Plymstock Academic Council Primary Indoor Athletics Championships. Primary school children from Pomphlett, Goosewell, Elburton and Oreston took part in the Level 2 Competition which involved running, jumping and throwing events. The team spirit was electric and it was good to see teachers and parents supporting the athletes.

Plymstock school leaders worked with students from Marjons to officiate the event. They were well organised, extremely efficient and quickly gained respect from the younger children. Well done leaders!

Congratulations to Elburton Primary School who won the competition and now go on to represent the area in the Level 3 Championships.
