

PLYMSTOCK LEAD THE WAY!

Leadership opportunities at Plymstock School go from strength to strength. During the week commencing 12 December Plymstock school ran their second annual Leadership week. Over 100 students were involved in National Governing Body (NGB) or in-house club linked Leadership courses. Students from years 7-10 were offered opportunities to access courses in Basketball, Dry Land Rowing, Netball, Table Tennis, Trampolining, Cycling and Football refereeing. Plymstock School recognises the tremendous educational benefits from leadership courses of this kind. Students learn important leadership skills and are then encouraged to give something back to the school or community by helping to run clubs on site or in local primary schools.

Students were enthused by course tutors from NGB's such as the FA (Football Association) the ETTA (English Table Tennis Association), the UK NRA (National Rowing association) British Cycling and local clubs Plymouth Raiders and Plymstock Netball Club.

Theresa Honeywill PE release teacher at Plymstock school says, 'the week was a great success. The numbers of students involved in leadership has grown significantly over the last two years. Plymstock students are already leading clubs in our local primary schools and refereeing football and netball central venue fixtures held at the school. They are excellent role models for younger children. We were delighted to be able to open up opportunities for our partner schools and were pleased to be able to share with students from Ridgeway.'

Congratulations to all 110 students who were involved in leadership during the week. We look forward to you leading the way in the Olympic year.
