

Plymstock students shine at Life Centre

Students from Plymstock School took part in a city wide Boccia Competition held at the new Plymouth Life Centre on 12 February. Two Plymstock teams challenged schools from across the city and displayed amazing team spirit and determination throughout. They were excellent ambassadors for the school. Some of these students have never represented the school in a competitive situation before and they were credited with medals for their sporting attitudes and excellent standards of play.

Helen says, 'I enjoyed representing the school'.

Anna says 'I enjoyed working with other students from other schools'.

Thomas says 'I really enjoyed cheering people on. It was the most awesome day ever'.

Well done to Helen Hulin who received an award for her positive attitude towards game play and other teachers and competitors.

The event was organised by the Plymouth School Sports Partnership and Plymstock staff were praised by the organisers for their fantastic attitude.
