

September 2012

Dear Parent/Carer

To support our primary pupils in their transition to secondary school, Plymstock School run a series of transition sessions for year 5 and 6. These sessions take place after school on a Thursday afternoon from 3.45pm until 4.45pm and cover a different subject area each week. The idea of the sessions is to give pupils a taste of what secondary school is like, to allow them to experience a range of teachers and learning environments, to get to know the school and to make new friends. These sessions have proved very popular with both parents and pupils.

The Autumn term sessions start this week on Thurs 20<sup>th</sup> September and run until October half term. If you would be interested in your child joining in, or if you would be interested in joining our mailing list to keep informed of further opportunities for your child during the year, please complete the attached contact details slip and return it, either tonight to the Galley or to the school at a later date. We will then email/send you further details nearer the time.

Yours faithfully

Ms N Baker
