

Preparing for College or Apprenticeship

There are many resources online that can help with preparing for your next steps, whatever they may be!

Suggestions of tasks for you to complete:

- Write a CV
- Plan a budget for your income and expenditure from September
- Look at future careers and possible career paths
- Develop your typing and note taking skills
- Keep your Maths and English skills sharp – use the GCSE resources that have been given to you. Some of you may need to continue to study these subjects if you fail to achieve a grade 4 or higher in these subjects.

Useful resources

- Careers pilot has information for you to give you more information about paths post 16 and careers advice.
<https://careerpilot.org.uk/>
- Barclays Life Skills has information about CV writing, developing general life skills, budgeting, staying safe online and many other useful videos and activities.
<https://barclayslifeskills.com/young-people/>
- If you are planning on attending City College there is information on their website to help you to prepare.
<https://cityplym.emsicc.com/?radius=®ion=Plymouth>

Other skills:

There are some other general skills that you have the perfect opportunity to develop during the extended time you are away from school. Ms Evans has put together lots of ideas which can be seen on our website <https://plymstockschool.org.uk/distance-learning-enrichment-activities/>

Driving

You may also be thinking about starting to learn to drive in the not too distant future. Now is a good time to start looking at some of the theory needed.
