 Public Health England

Education guidance

The most important symptoms of coronavirus (COVID-19)

 or  or 

new and continuous cough high temperature loss of, or change in, your normal sense of taste or smell (anosmia)

If **you have symptoms** of coronavirus, you need to **self-isolate for 7 days**
If **you live with someone who has symptoms**, you need to **self-isolate for 14 days** from the day their symptoms started

For most people coronavirus will be a mild illness. However if you have any of the symptoms you should self-isolate at home

Stop the spread of coronavirus

  **Wash your hands more often and for 20 seconds**

Use soap and water or a hand sanitiser when you:

- Get home or into work
- Blow your nose, sneeze or cough
- Eat or handle food

Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze and throw the tissue away straight away
