

# Year 12

## Virtual Work Experience Opportunities

Unfortunately, due to the current situation I don't know what will happen with work experience this year. In order to help you with your decisions over next steps here is a list of amazing opportunities of online courses, talks or virtual work experience (this is not an exhaustive list but will give you an idea of what is out there). This is a great opportunity for you to still learn about the world of work and test out some jobs and subjects.

Instructions:-

1. Look at the list of the virtual work experience opportunities below and select at least one opportunity to try. If you can't find an opportunity which is related to your career goals then consider the employability courses which are at the end of this list, you may want to choose one from the general section. Some are work experience and some are short work-related courses.
2. Click on the link to get to the website and register you details so that you can begin.
3. Send evidence/or a summary of what you have completed to me so I can keep a record for future references.

## Various Industries

InsideSherpa - <https://www.insidesherpa.com/>

This is an excellent website which offers virtual internships or work experience placements from a wide range of companies. Placements are free and open to all, ranging from a global consumer banking placement by Citigroup to an engineering internship done with John Holland. These usually last 6 hours and involve a wide range of activities. You generally have to watch some tutorials and videos, read and learn new information, and complete tasks. Once completed, you can add your experience to a LinkedIn profile and your CV if you've learnt relevant new skills. The website is easy-to-use, excellently designed and I highly recommend it.

## Career Options

Not sure what you want to do? There are various talks from people in a range of different industries that you can sign up for to gain insight and maybe some ideas.

<https://www.thewowshow.org/students/> If you don't know what you want to do after leaving school – and even if you do – The Wow Show could help you shape your future. Visit their website as they guide you through a number of different companies finding out the facts and meeting trainees, apprentices and graduates to discover what the world of work is really like.

<https://www.speakersforschools.org/inspiration/vtalks/upcoming-vtalks/> Speakers for Schools have a weekly VTalks schedule. This schedule will be updated weekly and talks will be targeted to a range of careers and to different age groups.

# Medicine and STEM

## **Brighton and Sussex Medical School – becoming a Doctor**

<https://barclayslifeskills.com/i-want-virtual-work-experience/school/virtual-work-experience/>

Virtual Work Experience gives you a unique opportunity to gain work experience in a company that you might not normally get access to while highlighting the essential skills you might need. You'll get to see the inner workings of a 'digital transformation' agency, and actively work with different departments on one exciting project, helping them solve problems and complete real-life tasks. As part of the experience you'll also see lots of tips as well as links through to other LifeSkills content. These are designed to help you learn how best to deal with situations you may come across in the workplace. By clicking on the links you'll get the most out of your Virtual Work Experience and learn more about the vital skills you'll need in the workplace.

## **Creative Industries**

### **Design**

<https://www.klc.co.uk/courses/interior-design/online-courses/online-short-courses/virtual-work-experience/> Hosted on KLC's cutting edge VLE (virtual learning environment) this weeklong experience replicates the activities of a working design studio - 'Studio KLC' - and immerses the students into a bustling agency with multiple concurrent projects at different stages of completion. Each day requires them to join a different department and do their best to help out at the business end of interior design. **This a paid for opportunity £395**
