

ENRICHMENT PROGRAMME 2023-24

Enrichment Programme 2023-24 – SPRING TERM

We are delighted to share with you our programme of enrichment at Plymstock School. Enrichment forms a large part of the opportunities offered to our students, alongside the wide range of curriculum enrichment delivered in lessons.

We encourage all students to undertake further enrichment opportunities through our clubs and activities programmes, as well as further trips, both day trips and residential that will be offered throughout the year.

If students are interested in taking part in a club but unsure what is involved or expected, they should speak to the lead member of staff to gain further information, or attend the club to find out.

Our enrichment opportunities are divided into sections to help find opportunities that relate to interests.

Sessions by subjects

- English
- Geography
- Languages
- Arts 7 Crafts
- Performing Arts
- Technology

Other sessions

- Inclusion/Wellbeing
- Games
- Library

Support sessions for learning

- Homework support club
